YOUTH AND THE WORLD**

"There is many a battle that's yet to be won,
There is many a glorious deed to be done.
The world is still young! For the youth at its door
There are tasks some shall do, never dreamed of before.
It is not an old world, worn and wrinkled and gray,
It's a world that is being reborn every day!

G. M. McKELVEY

To hear yourself referred to as a "graduate" must sound fine. How many of you think of this word as meaning "the end of your primary schooling?" If you do, you're looking in the wrong direction. Look up the word "graduate." Its derivative "gradus" means "step." Here's the meaning to consider. Your graduation means simply, you're rising to a new step, a new challenge.

The schooling you received these past twelve years was merely preparation for that next step. Now, it's up to you. Where is your next step . . . further schooling . . . on-the-job experience . . . marriage? Whatever your next step, consider it seriously, for it may mean the directions your whole life pattern will assume.

There is no doubting that, up or down, one step leads to another. And it's all up to you, only up to you. Whatever your decision, we wish you much good luck in the many steps to come.
